- Lesson planning workshop by the

WORK HISTORY

Grade 6 Science Teacher Then Grade 7 &8 Then Biology SAT Teacher, 09/2017 - 01/2024
Manarat Al Riyadh International School Girls-Section

- Teaching Biology SAT grade 9
- Teaching biology and physics grade 8 (checkpoint)
- Teaching physics and Biology grade 7 (checkpoint)
- Prepare the students for the external exams (check point / MAP/ Mouheba)
- Teaching General Science Pearson books (Science and Technology-Earth's Structure-Earth's surface-Human body systems-Sound and light) based on NGSS curriculum guidelines.
- Planning, preparing, and delivering lessons.
- Develop and issue educational content including notes, tests, and assignments.
- Supervise classes to ensure all students are learning in a safe and productive environment.
- Encouraging student participation in lessons and in other school-related activities.
- Schoology duties
- Homeroom teacher
- Collaborating with parents, guardians, support workers, and other professionals to safeguard and ensure the educational welfare of students who may have special educational needs (SEN).
- Giving supporting lessons.
- Preparing a lab experiments and activities
- Allocate and grade homework, assignments, and tests.
- Prepare a plan to improve student's MAP score by introducing many websites and practicing online tests.
- Analyze the marks (IST, MAP, EOT)

Science Coordinator and Teaching Biology for Grades 9-10, 09/2012 - 05/2017
Sunny Valley International School - Khamis Mushait

- Teaching 0610 IGCSE Biology course
- Help select textbooks and other instructional materials used in classrooms.
- Help select the teachers with the principle.
- Participates in meetings, committees, in-services, and seminars for the purpose of conveying and gathering information required to the Advanced accreditation.
- Prepares a wide variety of written materials for the purpose of documenting activities, providing written reference information.

Science Teacher, 09/2009 - 09/2012
Future V. International School - Abha

- Teaching Harcourt books (Life Science –Earth Science –Physical Science) based on Common core curriculum guidelines.

Science Teacher for grades 5-6, 09/2003 - 05/2009
Future language School - Cairo

- Teaching Science (Egyptian curriculum) based on National Egyptian curriculum

British council, 12/01/16

- Teaching 21st Century skills, 03/04/17
- Collaborative learning workshop by the British council, 01/01/17
- Mawhiba program, 2023
- Queen Rania Teacher academy forum, 2024
- NAFS training, 2023, 2024
- Checkpoint training, 2024
- HP idea associate program, 2024
- Two-years program in Embedded Formative assessment, 2022-2024

guidelines.

ACCOMPLISHMENTS

- Boosted Grade 7–8 Checkpoint Science scores, with over **85% of students meeting or exceeding international benchmarks**.
- Prepared 100+ students for **MAP, Checkpoint, SAT, and Mawhiba** with targeted intervention plans.
- Led **SAT Biology classes** with a **90%+ student pass rate**, integrating data-driven instruction.
- Designed and conducted **50+ lab activities** aligned with NGSS and Pearson curriculum.
- Improved MAP scores by up to **15%** through personalized online practice and assessment tools.
- Participated in **AdvancED (Cognia) accreditation**, contributing to curriculum documentation and strategic planning.
- Supported **Mawhiba gifted students** under MOE enrichment programs in 2023.
- Served as **Science Coordinator**, selecting resources and mentoring new hires.
- Completed **20+ training hours** in formative assessment, Checkpoint prep, and instructional design.
- Provided SEN support and remedial sessions, benefiting over **30 students annually**.
